

Policy Number

CDC 6.1

CHILD DEVELOPMENT CENTER (CDC) SCHOLARSHIP POLICY

Families presently enrolled in the CDC will be eligible to receive scholarship assistance from the CDC Scholarship Fund. Money for distribution from the fund should be available to multiple families.

Requests for scholarship assistance for a family may be made by the CDC director and/or the family seeking assistance.

The amount of the scholarship awarded will depend on family circumstances.

The CDC director selects the scholarship recipient and determines the amount of the scholarship.

The CDC director and the chairman of the CDC Advisory Committee will approve disbursements from the fund and inform the church business office and the church treasurer. No awards will be made beyond the limits of the donations to the Scholarship Fund plus the amount available from the Scholarship Endowment.

No cash will be paid to scholarship recipients.

The church business office will include in the CDC's monthly financial statement the current amount in the scholarship fund and the amount withdrawn from that fund during the current month.

Any money not spent from the CDC Scholarship Fund during any given fiscal year will be carried over to the succeeding year.

Approved by the CDC Advisory Committee, November 17, 2014.

Preliminary approval by Session, November 19, 2014

Final approval by Session, December 17, 2014
